That's great, thanks, and sorry for my perennial confusion about the review plans.

Dan- the plan is to send the Share Point link of the "live" version to Matt Marks and other HQs folks so that we only have one version of the document.

Thanks,

You can go ahead and accept the changes. Since Matt has not reviewed yet, it probably makes sense for him to review a clean copy of the concurrence draft. When you send that out, is the live version only going to be available to regional reviewers, or would he be able to work in that one?

Dan- I've reviewed your edits too, and agree with them and do not have any further changes. Are you still reviewing the notice and do you anticipate making further changes? If not, are you ok with me accepting all the track changes now so that we have a clean document ready for concurrence?

Thanks,

I'm good with Dan's edits. I made some very minor fixes.

The pp 44 et seq edits are relevant to our petition denial analysis. I think we touched base on this by phone a couple weeks ago. It might make sense to check in by phone today. Give me a ring at 202-597-0257 if you want. I'm generally free.
